WISPER Record Creation Overview for Principal Investigators

WISPER facilitates the process of routing applications and agreements for extramural support by capturing the necessary data and tracking it through the generation of the award. This document will walk through this process. Please feel free to leave fields empty and enter only known data, unless explicitly told to provide information within the following steps. If previously created records are available to copy, you may refer to the “Copy a Record” desk reference for information on how to quickly create a new record based on a previous record then begin using this reference at Step II..

***Please be advised that some directions provided in this document may be superseded by division authority, so please check with your Division Administrator to confirm your process.
